WHAT
WE OFFER

A WARM WELCOME

It is a pleasure to introduce you to the world class products and services offered by **CAME ENTROTEC** and **CAME KMS**.

As a team, we are collectively committed to providing customers across the country with unmatched security and access control solutions.

With a wealth of experience across the group you can be certain we will support your organisation and place it at the forefront of everything we do. By continuously delivering outstanding products that are complemented by an excellent support service, we have established ourselves as one of the best and are trusted by thousands across the country.

Helen Phillips
Sales & Marketing Director

OUR STORY

CAME UK recently acquired **CAME KMS** and **CAME ENTROTEC** as part of a strategic development programme to leverage new market opportunities and continue delivering industry leading access control solutions within the UK.

The synergies between companies are unmatched. Over the past 12 months, CAME UK have harnessed and optimised growth opportunities with the collective ambition to deliver more integrated security solutions for all clients.

Combining reliable door entry hardware with technologically advanced cloud-based access control has resulted in obtaining large projects that showcase the system's unrivalled capabilities and scalability.

This is only the beginning; the future is exciting, and it would be great for you to be a part of it...

CAME  **ENTROTEC**

STRATEGIC
DEVELOPMENT

CAME ENTROTEC

Trusted pioneers and leading manufacturers of door entry solutions in UK residential and commercial markets.

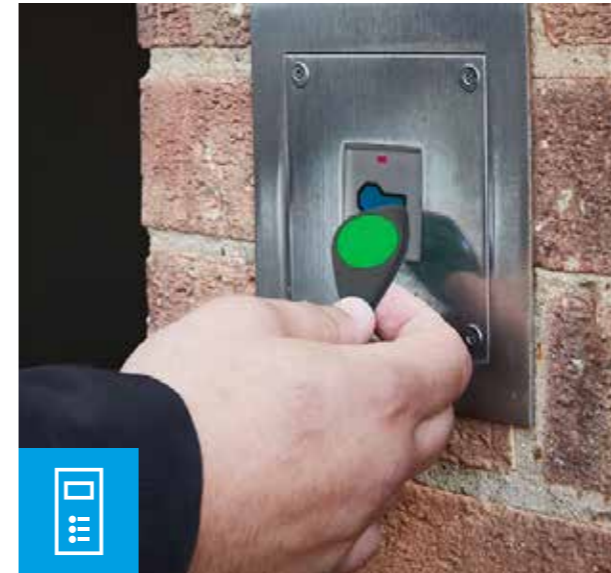

Renowned for supplying high quality audio and video vandal resistant door entry, concierge and proximity access control systems.

CAME KMS

The industry's leading cloud-based access control provider for multi-dwelling local authorities and housing associations.

CAME KMS delivers the most comprehensive solution on the market by seamlessly combining innovative technologies with new industry demands.

FULLY INTEGRATED SOLUTIONS

DOOR ENTRY

Renowned for **manufacturing and supplying high quality audio and video vandal resistant door entry**, concierge, and proximity access control systems.

All equipment is expertly built, pre-configured, and pre-tested before dispatch, eliminating the possibility of faulty goods arriving on site. The **plug-and-play nature of our systems** allows for a simple installation.

Our highly skilled teams **support you throughout the entire process**, ensuring that your property, whether residential or corporate building, has the most cost-effective door entry solution with guarantees of quality that are incomparable in the market.

CLOUD ACCESS CONTROL

Simplify building management and control multiple properties through a single solution.

Our intuitive cloud-based access control solutions are suitable for multi-dwelling local authorities and housing associations across the UK.

We deliver the most comprehensive systems on the market by seamlessly integrating technology, knowledge, and industry demands, which justifies our position as the **UK's top manufacturer within the housing sector.**

MANAGEMENT

WHY CHOOSE US?

WHAT WE OFFER YOUR BUSINESS

TRUSTED PIONEERS

With a combined **50+ years of industry knowledge**, it is clear why so many trust our products and continue working with us to maximise site security.

FIT AND FORGET

Our product longevity is unmatched. Due to robust product designs, all systems are extremely durable and once installed can last for many years.

FREE ADDITIONAL SERVICES

Experience **a unique service package as we support your business** through your project. We will work with contractors and consultants to ensure that all project requirements are met.

CONTINUOUS DEVELOPMENT

Synergies within the CAME Group have enabled CAME ENTROTEC and CAME KMS to achieve **significant system enhancements**, providing installers with a more complete solution.

INDUSTRY LEADING PRODUCTS

Optimise site security, system scalability, and user convenience whether you are using the cloud-based portal SimpleKey Web or our Apex Video door entry solution.

FULLY INTEGRATED SYSTEMS

Fully connected door entry and access control solutions improve operability and functionality in both new and existing developments.

UK SUPPORT TEAMS

Our expert teams are **always on hand to help you whenever you need it.** A dedicated diagnostics team can organise site visits to enhance your systems operability.

OUR BRANDS

Since 1972, the year in which the company was founded, CAME has been producing the widest range of operators for residential and industrial entrances, car parks and access control systems, as well as developing home automation and intruder alarm systems. By constantly innovating and acquiring new brands and specialist know-how, today CAME can rely on world-class consolidated expertise to provide control of the home globally (automation - intruder alarms - home automation) in the field of systems for large public facilities and the management of urban and public areas, offering integrated solutions to meet all needs of people-flow and access control controlling and monitoring.

CAME

A leading group in Home & Building Automation, with a broad range of integrated technological solutions for automating residential, public and urban settings.

CAME BPT

An internationally renowned brand when it comes to projects involving technology for video intercom, temperature control and security systems.

CAME ÖZAK

A brand specialised in vehicle and pedestrian access control.

ACCESS CONTROL

Starting from simple gate automation, thanks to the extreme flexibility, integration and adaptability of our devices, CAME manages to achieve an advanced, global automation concept, able to coordinate all that can be automated inside and outside the home, in the office, and in every urban-collective environment.

In a world where globalisation brings constant challenges in the pursuit of success, we make no compromise. Our consistent priority has been testing technological innovations. Each day we do our best to work towards improving life, and making a difference.

CAME URBACO

An internationally leading brand of integrated access control systems, perimeter security, urban planning and automated traffic-flow control.

CAME PARKARE

A brand specialised in the automatic parking and parking meter segment, providing solutions that meet market needs and sustainable mobility.

CAME GO

A brand specialised in designing and manufacturing garage doors and sectional doors, for residential and industrial settings, featuring manual and automated operation systems.
