

DIGITAL NOTICE BOARD

COMPATIBLE WITH KMS SIMPLEKEY WEB ACCESS CONTROL

The KMS Digital Notice Board works in conjunction with the KMS SimpleKey Web access control, to provide residents with up to date messaging and advice.

- **Supplied** as a standalone product or as part of an overall KMS SimpleKey system.
- **Compatible** with most types of SimpleKey on site equipment whether existing or new.
- **Administration** is via the SimpleKey Web interface and is accessible from any internet enabled device.
- **Vandal Resistant** wall mounted 15" toughened glass screen (*other sizes available or will work with screens supplied by others*).
- **Text and Images** can be uploaded to a single, group or to all notice boards.
- **Option Ticker Tape** giving live news updates.
- **Robust** British designed specifically for UK housing providers.

INSTALLATION

Digital Notice Board is supplied as a single metal box requiring just a 12V supply. An external high gain aerial or TCP/IP connection is required to either a SimpleKey system controller or broadband connection.

CONTROL BOX SIMPLEKEY INTERFACE SUPPLIED WITH A PSU AND OPTIONAL SEPARATE MODEM.

Requires a fused mains spur and connection to an existing SimpleKey System Controller/GPRS Modem or separate independent GPRS Modem & high gain aerial.

Dimensions: 400mm(h) × 55mm(w) × 150mm(d)

VANDAL RESISTANT 15" SCREEN (CAN BE MOUNTED LANDSCAPE OR PORTRAIT).

Surface Mount fixed directly onto a wall or to any non-metallic surface using the supplied vandal resistant screws.

Dimensions: 420mm x 280mm x 50mm.
