CAME.COM

CAME THE FIRST TO GIVE FREE CONNECTIVITY

"...for more than 5 years now, CAME have continued to invest in our Cloud Connectivity eco-system, providing our customers all across the world a completely unrivalled suite of connectivity solutions that connect both the Installer and the Final User to their automation system at all times giving ultimate control.

*2021 is the right time for CAME to pass to the second phase of our connectivity strategy where we are very excited to be able to offer customers in the UK & Ireland **free connectivity** with ALL our connectable range of automation kits! A monumental offer that will continue at least until the end of 2022.*

Early adopters of our connectivity have already confirmed beyond any doubt the extra value that it gives to both the installer and the final user of our systems. Extra value that for the foreseeable future will be FREE to our valued customer base.

*Once again CAME are leading the way and keeping you **ALWAYS CONNECTED** to your customers."*

Andrea Menuzzo
President, CAME S.p.A.

SYMBOLS EXPLAINED

**NEW FOR
2021**

Free GSM Connect Module &
3 Year 480Mb SIM Included

**ENDS DEC²¹
2022**

The 230 – 400V AC 3-PHASE versions are ideal for INDUSTRIAL use as they guarantee greater gearmotor starting thrust.

The 230V gearmotors are designed for use in every day situations.

The 24V DC gearmotors are designed for INTENSIVE DUTY, and are powered by low voltage.

Battery powered.

This product is compatible with CAME Key.

This product features brushless technology.

We always advise you spec your installations with safety edges. When you see this symbol it is imperative that one is used.

This product can be remotely controlled via CAME Connect cloud technology.

This WIRELESS product is battery-powered and operates with radio technology.

Rotational device.

Designed for use with 8k2Ω resistive safety edges

This operator is tested in conformity with EUROPEAN STANDARDS on impact forces.

CAME sliding gate operators use Mod 4 or Mod 6 rack. This is a unit of measurement for how big the teeth are on the motor wheel.

* The Always Connected Kit promotion will continue until 31/12/2022, with a likely extension beyond that commitment.

ALWAYS CONNECTED

THE CAME SETUP APP

POWERFUL REMOTE SYSTEM ANALYSIS FROM YOUR SMARTPHONE

The CAME Connect platform and app has been redesigned to make the process simpler and easier to manage. From adding your automation systems, to managing support requests, CAME Connect 2.0 has been designed to make the life of the installer just that little bit easier.

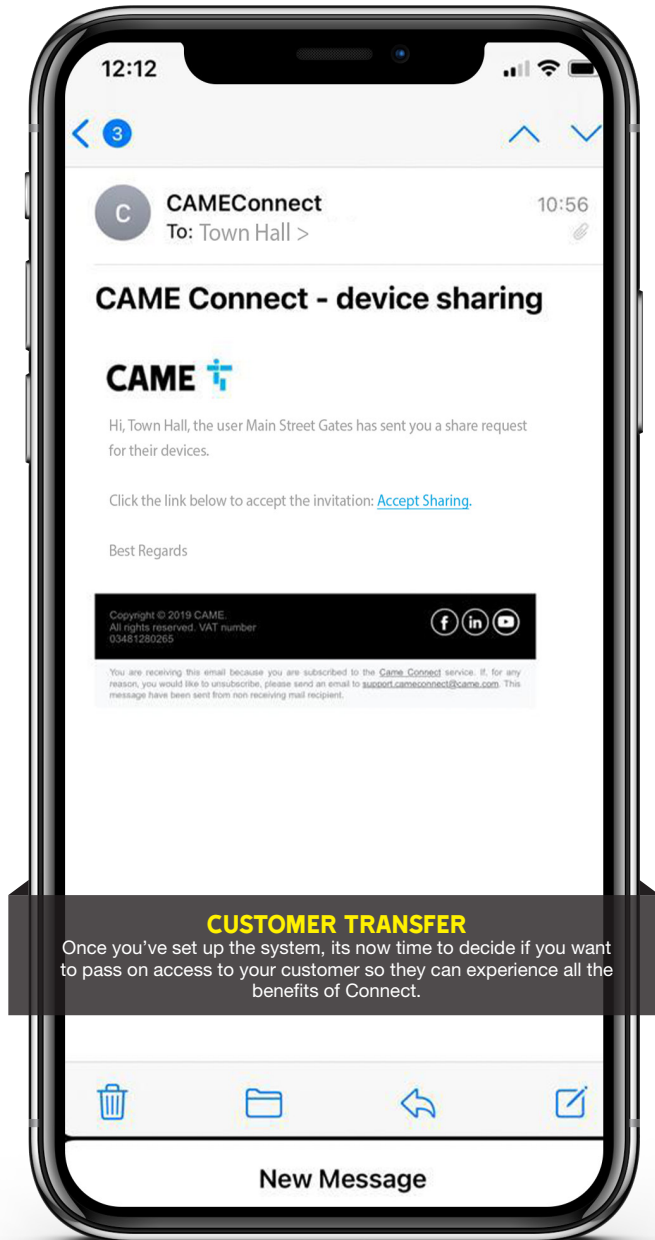

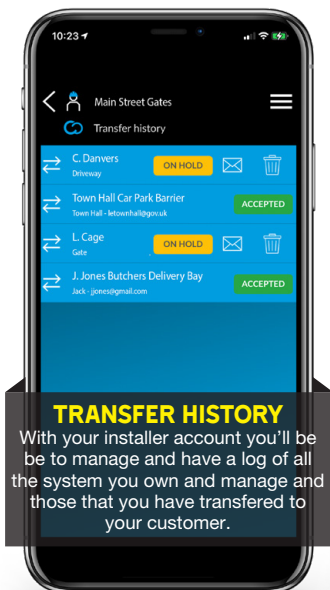

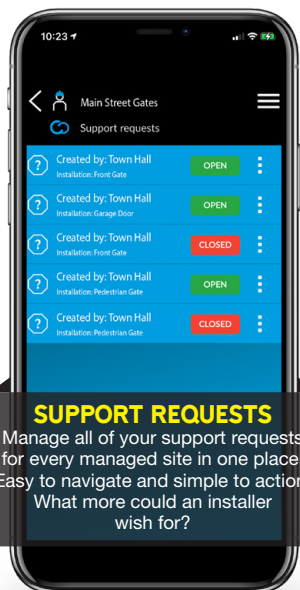

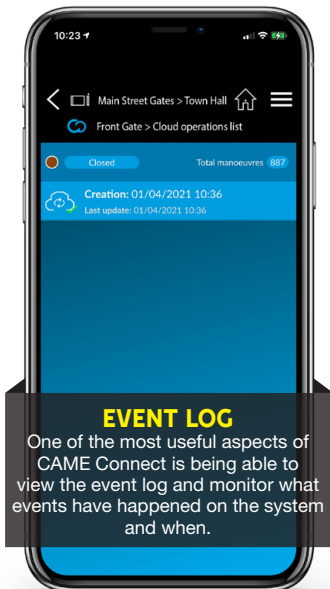

Having access to this powerful remote management systems gives you access to real time information of every automation system that you manage, and **IT'S IN YOUR POCKET.**

Does your other automation manufacturer give you this level of remote diagnostics? Thought not.

THE PERFECT ON SITE PARTNER FOR EVERY CAME INSTALLER

INSTALLER

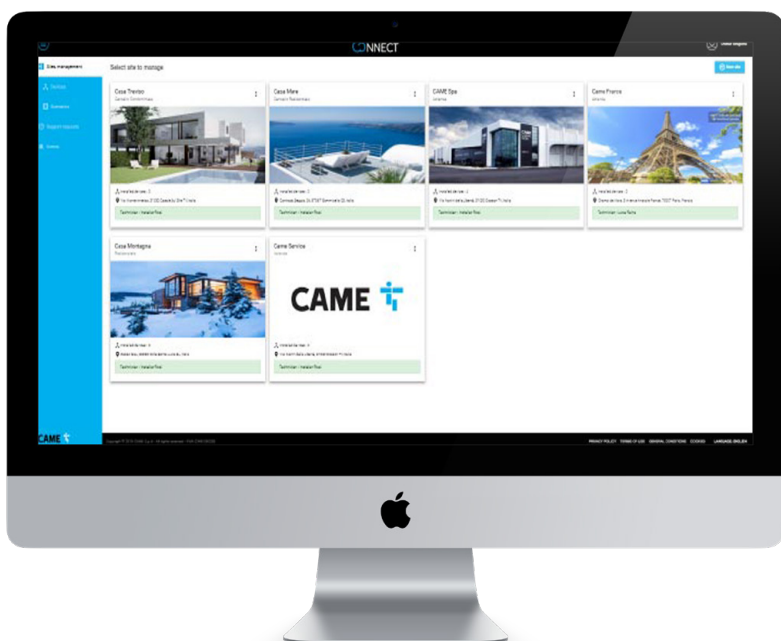

DOWNLOAD THE APP NOW & EXPERIENCE THE POWER FOR YOURSELF

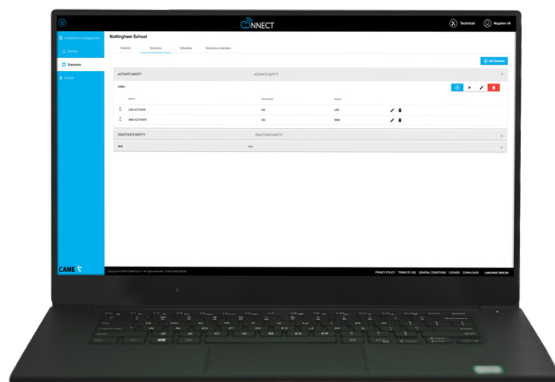

CAME CONNECT WEB PORTAL

**INTRODUCING THE MOST POWERFUL,
SIMPLE TO USE, BACK OFFICE SOLUTION
IN THE MARKET... ALL FREE OF CHARGE!**

UNLEASH THE FULL POTENTIAL THAT CAME CONNECT HAS TO OFFER...

A simple user interface means the CAME Connect platform can be managed by any member of your team, not just one of your engineers. So whilst your install and maintenance team are managing site visits, your back office staff can be taking care of everything online, including managing support requests, updating client scenario changes, creating calendar exclusions managing site maps, and much more.

EASILY CREATE CUSTOM SCENARIOS

Create an easy to action list of scenarios that run seamlessly in the background. Define the action, state the time and regularity and you're away.

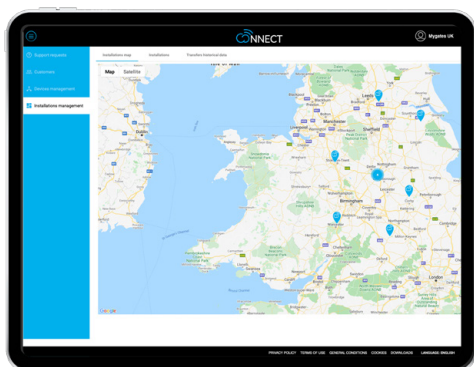

CREATE ACCESS CONTROL SYSTEMS

Add and remove user access and create an easy to use access control system online via CAME Connect. Grant access at the touch of a button and deliver notifications to manage access.

POWERFUL BACK OFFICE FROM YOUR LAPTOP, OFFICE PC OR TABLET

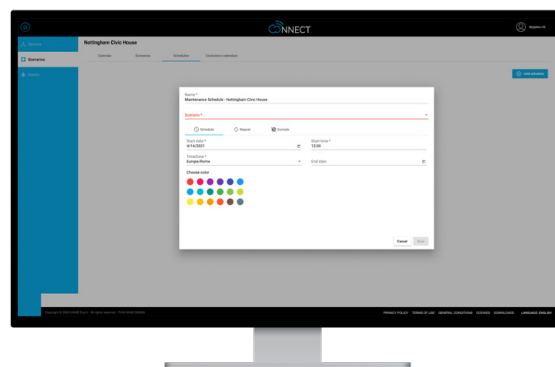

The CAME Connect web platform has been intuitively designed to provide seamless integration with the CAME SetUp App. Once you have used the app to manage system configuration on site, you can head straight to the portal where all the system information will have seamlessly migrated, and you can start to realise the full power of CAME Connect.

THE PERFECT CONNECTED OFF SITE PARTNER FOR EVERY CAME INSTALLER

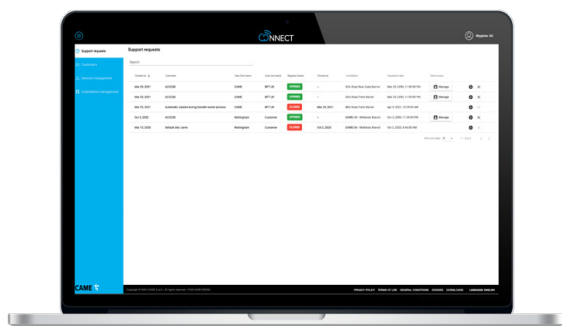

MANAGE SITE MAPPING

View and manage all of your installations on an easy to navigate site map, where you can easily see status notifications and navigate directly in to sites to affect immediate changes.

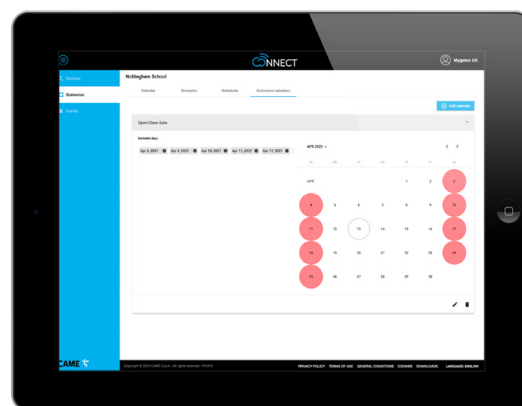

ADD A MAINTENANCE CALENDAR

Use the powerful calendar tool within CAME Connect to create maintenance schedules that automatically alert you when services are due. Making the whole process simple and easy for you.

MANAGE SUPPORT REQUESTS

Manage all of your support requests for every managed site via the web platform. Easy to navigate and simple to action. What more could an installer wish for?

MANAGE EXCLUSION CALENDERS

Manage a site exclusion schedule with the simple to use calendar function enabling you to exclude set days and times from the standard operating procedures.

GIVE YOUR CUSTOMER A FULL
REMOTE SUPPORT SERVICE WITH **EVERY**
ALWAYS CONNECTED KIT

The beauty of CAME Connect is that it offers you, as an installer, so much that it makes sense to add connectivity to the system whatever the circumstances. But it also gives great customer benefits too... if you want it to of course.

You get it for FREE anyway, so the choice is yours whether to pass on the benefits to your customer. You can retain ownership of the Connect platform simply for the unique installer benefits, such as remote diagnostics, site maps, and scenarios.

Alternatively, you could charge for the service alongside an existing maintenance package, or if you prefer you can also offer it for FREE as a sales differentiator against your competitors. The choice is yours, you are in control.

BENEFITS TO YOUR CUSTOMER

- » OPEN AND CLOSE THEIR GATE VIA THEIR SMARTPHONE
- » REMOTE ASSISTANCE FROM THE INSTALLER DURING POWER OUTAGES OR WHEN DAMAGE HAS OCCURED
- » MANAGE FAMILY ACCESS
- » ASSURANCE THAT SERVICE AND MAINTENANCE IS REMOTELY MONITORED

Security, safety and accessibility... All for **FREE**.
An ALWAYS CONNECTED system has it all.
Why wouldn't you want that for your customer?

Our dedicated
Automation App is
FREE to try for yourself.

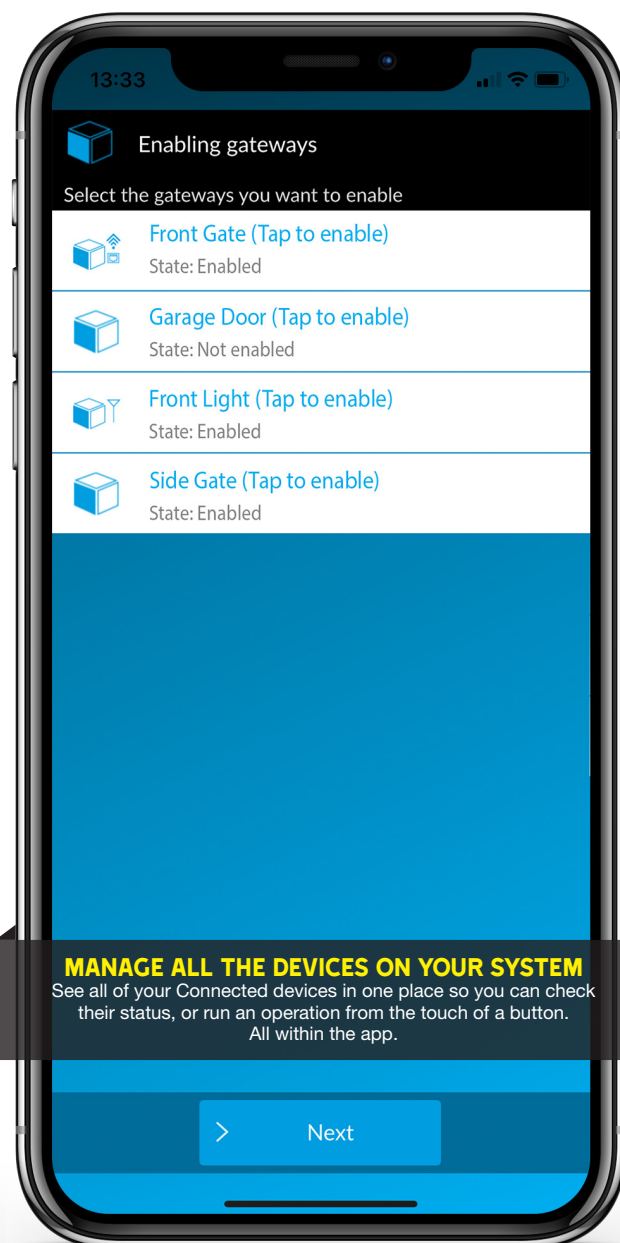

THE CAME AUTOMATION APP

AUTOMATION CONTROL FROM YOUR SMARTPHONE

Once the automation has been added, you can use your smartphone to control the opening and closing of gates, switch off lighting or manage access to your garage all from the touch of a button on your smartphone.

MANAGE ALL THE DEVICES ON YOUR SYSTEM

See all of your Connected devices in one place so you can check their status, or run an operation from the touch of a button. All within the app.

A POWERFUL APP THAT GIVES YOUR CUSTOMER ACCESS CONTROL AND SECURITY AT THEIR FINGER TIPS

As an installer, whether you charge for the service or not, CAME Connect provides your customers with a host of benefits and add-ons to their automation system.

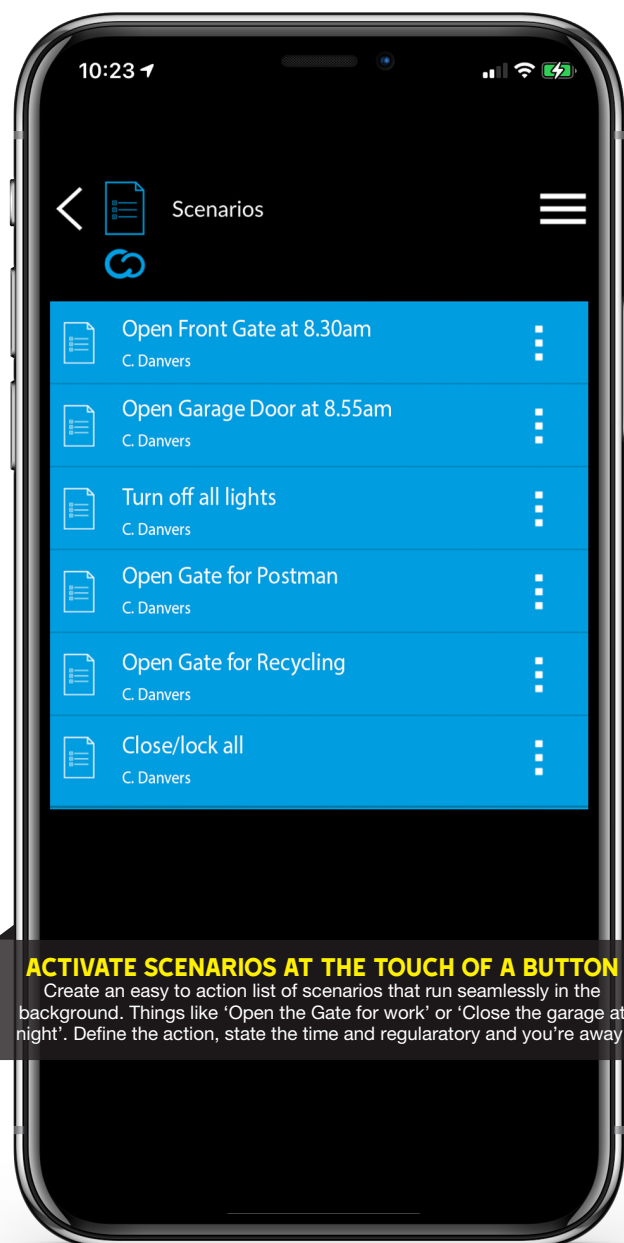

Open and close automations at the touch of a button using a smartphone, preset scenarios for a daily routine or check the status when away from the property. Connect does it all.

Connect offers so much to the installer and the end user. Adding it to your system for FREE is a no-brainer, however you choose to harness its power.

GIVING YOUR END USERS ULTIMATE CONTROL

END USER

ACTIVATE SCENARIOS AT THE TOUCH OF A BUTTON

Create an easy to action list of scenarios that run seamlessly in the background. Things like 'Open the Gate for work' or 'Close the garage at night'. Define the action, state the time and regulatory and you're away.

RAISE SUPPORT REQUESTS

Power outage? Or entrance damage? You can easily raise a support request which immediately alerts the installer of the issue you're experiencing.

EDG EXPERT SERIES

NEW & EASY TO INSTALL

SELF ASSEMBLY RESISTIVE SAFETY EDGES

CAME's new EDG Expert Series self assembly range is designed to give installers the tools and flexibility to manufacture their own resistive safety edges. Simple to manufacture and easy to install, EDG is supplied with an IP67 water resistance rating.

EDG is available to buy in 'off-the-shelf' kits in a range of standard sizes (1.5, 1.7, 2 and 2.5m lengths) or as individual components to keep as stock. Changing the

way you think about resistive safety edges, EDG is simple to assemble, cost effective and easy to order - making your installation easier than ever before!

BKV – FULLY LOADED

▲ 36V OF DC POWER

The brand new BKV has been designed specifically to guarantee efficiency and reliability in adverse weather conditions and daily heavy duty.

▲ ADAPTIVE TORQUE

Constant speed control and adaptive power to meet changing conditions.

▲ FULL GRAPHICAL DISPLAY

Full backlit display, allowing rapid setup without the need to reference the manual.

▲ DIRECT DRIVE ROBUST MANUAL RELEASE SYSTEM

Key protected release lever that directly disengages the motor.

▲ CLOCK FUNCTION ON BOARD PROGRAMMING

Innovative timer to manage up to 8 automatically programmed scheduled activations to the motor or AUX relay terminals.

▲ ADVANCED, FEATURE PACKED CONTROL BOARD

The ZN8 control panel offers many new innovative and exciting functions.

▲ FOUR PROGRAMMABLE SAFETY INPUTS

4 configurable safety circuits with 8k2 direct inputs onboard. Compatible with all safety devices such as photocells and resistive safety-edges.

▲ BATTERY COMPARTMENT

Large compartment suitable for batteries or accessories.

VER PLUS ❖ KEY FEATURES

▲ FULL CONTROL VIA SMARTPHONE APP

Complete control of your VER Plus using your smartphone for open/close, status feedback and scheduled tasks in scenarios and automated scenes.

▲ FULLY CONNECT COMPATIBLE

Full compatibility with Connect offering full control of the operator alongside feedback status, configuration settings, remote management and the ability to include VER within preset scenes and scenarios. No SIM required.

▲ COMPATIBILITY WITH RIO WIRELESS SAFETY

VER Plus is fully compatible with the RIO wireless safety system inclusive of safety edge sensors, photocells and wireless flashing lights.

▲ BLUETOOTH SELECTOR COMPATIBLE

The external Bluetooth selector connects to the AutomationBT app and allows you to open the operator on approach or manually from your smartphone, using the Bluetooth connection.

▲ PREMIUM BELT GUIDE TRACK

Heavy duty, virtually silent, premium belt guide designed for intense operating cycles in the most demanding installations.

▲ EASY TO ADD DIGITAL KEYPAD

Adding an external keypad couldn't be easier with the VER Plus and the R800 control card. Simply wire directly from the keypad to the operator for up to 250 individual access codes.

▲ SERIOUS PULLING POWER

VER10 operates at 1000N on a garage door of up to 18m² with the VER13 operating at 1300N on a garage door of up to 21m².

▲ EASY SETUP - LARGE EXTERNAL DISPLAY

4 button keypad with LCD display located on the outer casing for quick and easy external set up.

CAME CONNECT REMOTES

SECURE YOUR CUSTOMER'S SITE, ELIMINATE ROGUE TRANSMITTERS AND ASSURE YOUR FUTURE TRANSMITTER SALES

Protecting your customers automation system is paramount for their security. Now with ALWAYS CONNECTED kits, it has never been easier, or more secure, to enhance protection for their system.

- » Simply switch off transmitter auto-enrolment & password protect the control board.
- » The only way then to add a remote is via Connect, using a rolling code ALWAYS CONNECTED remote.
- » ALWAYS CONNECTED remotes are rolling code so cannot be cloned, meaning your customer can be assured their system is secure.
- » Provide comprehensive system management that makes it simple and easy for your customers to return to you time after time for their transmitters and spare parts.

3 WAYS TO ISSUE CONNECTED REMOTES TO YOUR CUSTOMERS

1 SET UP THE REMOTE USING THE QR & SEND IT OUT PRE-PROGRAMMED

You can send out a fully functioning remote to your customers at the drop of a hat and you won't even need to leave the comfort of your office. Using CAME Connect, simply scan the QR on the packing, add it the remote to the automation system and it is ready to be delivered to the customer fully functioning. Easy for them, simple and secure for you.

2 SEND OUT AN UNPROGRAMMED REMOTE

Send out an unprogrammed remote. Add the remote the the system using CAME Connect to put the board into acquisition mode remotely, and talk the customer through the process of adding it onto the board.

3 SEND OUT AN UNPROGRAMMED REMOTE & ASK YOUR CUSTOMER TO SET IT UP USING THE REMOTE

Send out the remote, get your customer to use the QR on the packing to add the remote to the system following the in app instructions. Its that simple. From a customer service point of view, and to manage the it addition correctly, you might be better off sending out a preprogrammed remote.

FOUR CHANNEL TRANSMITTERS

TOP ROLLING CODE TRANSMITTERS

INDIVIDUAL TRANSMITTERS

	Item Code	Description	List Price*
	806TS-0112	Rolling code transmitter, over 4 million combinations. 2 Channel. Available in six different colours.	22.94

806SL-0230	Control card for use with all keypads	68.48
EM10010EM	Surface mounted magnetic lock	98.00
EM500ZLW	L&Z Bracket	54.10
EM100SEM	L Bracket	21.80
TA433N	TOP-A433N antenna.	21.84
DL3509	DVK cable protection sleeve.	13.00
SMA	SMA induction loop control board. Single loop - 1 Channel.	226.72
SMA2	SMA induction loop control board. Two loops - 2 Channel.	321.36
INDCABLE	Induction loop cable (50m lengths)	65.52

*List Price correct at time of print, (November 2021). Due to global increasing costs of raw materials CAME anticipate a list price increase of approximately 6% effective from 01/02/2022. If ordering after this date please confirm pricing with your local CAME sales office.

ACCESSORIES WITH CXN BUS CONNECTION

Compatible
with all CXN
enabled
control
boards

With the CXN line of accessories with BUS technology, installation can be completed more easily and quickly. Each individual accessory can be configured after completing installation and setting the address of each device. It is also possible to obtain a complete diagnosis on each device.

EVERYTHING WITH TWO WIRES!

CXN is a non-polarized 2-wire BUS system for the installation of all compatible CAME accessories:

- **KEYPAD SELECTORS**
(806SL-0280 and 806SL-0290)
- **TRANSPONDER SENSORS**
(806SL-0300 and 806SL-0310)
- **DLX SERIES PHOTOCELLS**
(806TF-0090 and 806TF-0100)
- **DXR SERIES PHOTOCELLS**
(806TF-0110)
- **KRX SERIES FLASHING LIGHT**
(806LA-0050)

CONNECT GATEWAY MODULES

WIFI / ETHERNET & GSM GATEWAYS

WHY NOT ADD **CONNECT FUNCTIONALITY** TO YOUR EXISTING INSTALLATIONS?

COMPLETE SOLUTIONS AVAILABLE FOR **GSM MOBILE AND WIFI**

GATEWAY RANGE

Kit Code	Description	List Price*
RGSM-1NCE	GSM Connect module with 3 year 1nce 480MB SIM, antenna cable and bracket. See page 6 for full details. FREE with Always Connected kits.	189.00
806SA-0130	CAME QBE Ethernet/WiFi gateway.	169.00
806SA-0040	Radio SLV Controls up to 3 CAME operators in conjunction with QBE or RGSM.	95.00
806SA-0020	RGSM Standalone. Uses a GSM SIM to connect to the internet.	129.00
806SA-0010	RGSM Master Communicates with up to 5 additional Radio SLV modules.	149.00

QBE FEATURES

- Super-fast set-up.
- No need for mobile signal - connects directly to your client's router via either LAN cable or WiFi
- DHCP or static IP address - no IP changes, no DDNS, no port forwarding required for standard installation
- Can communicate with up to five Radio SLV modules over the radio frequency connection, up to 100m away
- Two models available: Ethernet/WiFi Automation only version or Ethernet/WiFi Full Smart Home version

RADIO SLV FEATURES

- Can only be used in conjunction with either the QBE or RGSM master gateways
- Fitted to the control panel of the operator
- Control up to three CAME operators
- Communicates wirelessly up to 100m with the QBE or RGSM
- Easy third-party activation & functional switching
- Incredibly small size

PHOTOCELLS & SAFETY DEVICES

DELTA SAFETY PHOTOCELLS

Item Code	Description	List Price*
DELTA-I	Delta safety infrared photocells with a 20m range. Flush mount with casing.	62.40
DELTA-E	Delta safety infrared photocells with a 20m range. Surface mount.	66.56
DELTA-SI	Delta synchronised infrared photocells with a 20m range. Flush mount with casing.	60.32
DELTA-SE	Delta synchronised infrared photocells with a 20m range. Surface mount.	62.40
DOCR	Steep support bracket for Delta photocells. Also works with SET-E control panels.	6.24

DIR SAFETY PHOTOCELLS

Item Code	Description	List Price*
DIR10	Pair of surface mounted synchronised infrared safety beams with 10m range.	48.88
DIR20	Pair of surface mounted synchronised infrared safety beams with 20m range.	66.56
DIR30	Pair of surface mounted synchronised infrared safety beams with 30m range.	80.08

DXR ROTATIONAL SAFETY PHOTOCELLS

Item Code	Description	List Price*
806TF-0030	DXR20CAP - Pair of surface mounted synchronised, rotating infrared photocells. Range 20m. 12 - 24V AC-DC. 	92.00
806TF-0040	DXR20CAM - Pair of aluminium surface mounted synchronised, rotating infrared photocells. Range 20m. 12 - 24V AC-DC. 	107.00
806TF-0060	DXR10BAP - Pair of surface mounted synchronised, rotating infrared photocells. Range 20m. 12 - 24V AC-DC and battery (included). 	107.00

SUPPORT COLUMNS

Item Code	Description	List Price*
DOCLN	0.5m column for DELTA I & SI photocells, in black enamel.	39.52
DOCL	0.5m column for DELTA I & SI photocells, in aluminium.	39.52
DIRLN	0.5m column for DIR photocells, in black enamel.	31.20
DIRCG	0.5m column for DIR photocells, in silver PVC.	22.88
DIR-CGP	0.5m extension for adding extra DIR photocells, in silver PVC.	18.72

*List Price correct at time of print, (November 2021). Due to global increasing costs of raw materials CAME anticipate a list price increase of approximately 6% effective from 01/02/2022. If ordering after this date please confirm pricing with your local CAME sales office.

RIO WIRELESS SAFETY ACCESSORIES

RIO SYSTEM 2.0, COMPLETELY SAFE, NO WIRES

RIO System 2.0 is the innovative radio-based safety system that needs no wired connection between the control module and the safety accessories. Control module, photocells, sensitive safety-edge and flashing light all make up a complete system based on totally wireless transceiver-technology.

PRODUCT FEATURES

- Quicker fitting times compared to traditional installations
- No digging or masonry work required, or cables to lay
- Elegant, low-key design
- Compatible with any control panel
- Total safety in compliance with European standards
- Immediately brings your systems up to code, even if they are non compliant

RESISTIVE EDGE WIRELESS SAFETY KITS

Kit Code	Description	List Price*
RIOEDGECTL1	RIO Edge external radio-control module and 1 wireless module for controlling resistive sensitive safety edges.	182.00
RIOEDGECTL2	RIO Edge external radio-control module and 2 wireless modules for controlling resistive sensitive safety edges.	275.60

THE COMPLETE RANGE

Item Code	Description	List Price*
806SS-0050	RIOCN8WS - Snap-in, radio-based control module for managing up to 10 wireless RIO devices.	106.08
806SS-0040	RIOCT8WS - External radio-control module for managing up to 3 RIO wireless accessories. Range 30m.	55.12
806SS-0030	RIOLX8WS - Wireless battery powered flashing light.	93.60
806SS-0010	RIOPH8WS - Pair of wireless, infrared-beam photocells. Range 10m.	117.52
806SS-0020	RIOED8WS - Wireless module for controlling resistive sensitive safety-edges.	87.36
DB-LN	0.5m column for RIO photocells, in black enamel	31.20
DB-CG	0.5m column for RIO photocells, in PVC (RAL9006)	31.20
DB-L	0.5m column for RIO photocells, in anodized aluminium	31.20

EDG EXPERT SERIES

NEW & EASY TO INSTALL

SELF ASSEMBLY RESISTIVE SAFETY EDGES

CAME's new EDG Expert Series self assembly range is designed to give installers the tools and flexibility to manufacture their own resistive safety edges. Simple to manufacture and easy to install, EDG is supplied with an IP67 water resistance rating.

EDG is available to buy in 'off-the-shelf' kits in a range of standard sizes (1.5, 1.7, 2 and 2.5m lengths) or as individual components to keep as stock. Changing the

way you think about resistive safety edges, EDG is simple to assemble, cost effective and easy to order - making your installation easier than ever before!

EVERY KIT INCLUDES:

SEE FOR YOURSELF

GENERAL CONDITIONS OF SALE

CAME BPT UK LTD (“THE SELLER”) / CAME BPT IE LTD (“THE SELLER”)

The Buyer's attention is drawn in particular to the provisions of clause 10.

1. INTERPRETATION

1.1 Definitions. In these Conditions, the following definitions apply:

- Additional Charges: any additional charges arising under the Contract payable by the Buyer in addition to the price for the Goods and "Additional Charge" shall mean any one of the Additional Charges.
- Buyer: the person firm or company who buys or agrees to buy the Goods from the Seller.
- Conditions: these terms and conditions of sale.
- Contract: the contract between the Seller and the Buyer for the sale and purchase of Goods in accordance with these Conditions.
- Delivery Date: the date specified by the Seller when the Goods are to be delivered or other such date as may be agreed by the parties in writing;
- Delivery Location: the location set out in the Order or such other location as the parties may agree in writing, or where no such location is specified, the Buyer's premises detailed on the quotation given by the Seller to the Buyer in respect of the Goods.
- Force Majeure Event: as defined in clause 11.1.
- Goods: all goods (or any part thereof) set out in the Order.
- Group: in relation to a company, that company, any subsidiary or holding company (as defined in section 1159 of the Companies Act 2006) of that company, and any subsidiary of a holding company of that company.
- Order: the Buyer's order for the Goods, as set out in the Buyer's purchase order form, the Buyer's written acceptance of the Seller's quotation, or overleaf, as the case maybe.
- Seller UK: CAME BPT UK Limited, registered in England and Wales with company number 03267714, whose registered office is Unit 1B, Willow Farm Business Park, Castle Donington, Derby, DE74 2US.
- Seller IE: CAME BPT IE, registered in Ireland with company number 420195 whose registered office is Unit 9, The Westway Centre, Ballymount, Dublin 12, Ireland.
- Wasted Time Rate: the charge for wasted time at the Seller's standard rate for wasted time of £1 (one pound) / €1 (one euro) per minute up to and including 30 (thirty) minutes and thereafter at a charge of £2 (two pounds) / €2 (two euros) per minute, or such other charge as notified to the Buyer from time to time.
- 1.2 Construction. In these Conditions, the following rules apply:
- (a) A person includes a natural person, corporate or unincorporated body (whether or not having separate legal personality).
- (b) A reference to a party includes its personal representatives, successors or permitted assigns.
- (c) A reference to a statute or statutory provision is a reference to such statute or provision as amended or re-enacted. A reference to a statute or statutory provision includes any subordinate legislation made under that statute or statutory provision, as amended or re-enacted.
- (d) Any phrase introduced by the terms including, include, in particular or any similar expression shall be construed as illustrative and shall not limit the sense of the words preceding those terms.
- (e) A reference to writing or written includes faxes and e-mails.

2. BASIS OF CONTRACT

- 2.1 These Conditions shall apply to the sale by the Seller of all Goods purchased by the Buyer and these Conditions shall govern the Contract to the exclusion of any other terms and conditions introduced or submitted by the Buyer.
- 2.2 The Order constitutes an offer by the Buyer to purchase the Goods in accordance with these Conditions. The Buyer is responsible for ensuring that the terms of the Order and any applicable specification of the Goods are complete and accurate.
- 2.3 The Order shall only be deemed to be accepted when the Seller acknowledges the Order in writing and not before, at which point the Contract shall come into existence.
- 2.4 Any tenders or quotations will not constitute an offer. Any tenders or quotations submitted to the Buyer shall remain valid for the period stated therein, but if no period is specified such tenders and quotations shall be valid for 30 days from the date thereof. All tenders and quotations shall be subject to these Conditions.
- 2.5 Any typographical, clerical or other error or omission in any sales literature, quotation, pricelist, acceptance of offer, invoice or other documentation or information issued by the Seller shall be subject to correction without any liability on the part of the Seller.
- 2.6 The Seller's employees or agents are not authorised to make any representations concerning the Goods unless confirmed by an authorised director of the Seller in writing. In entering into the Contract the Buyer acknowledges that it does not rely on any such representations which are not so confirmed, save that nothing in these Conditions shall exclude the Sellers liability for fraudulent misrepresentation.
- 2.7 No Order which has been accepted by the Seller may be cancelled by the Buyer except with the agreement in writing of the Seller and on terms that the Buyer shall indemnify the Seller in full against all loss (including loss of profit), costs (including the cost of all labour and materials used), damages, charges and expenses incurred by the Seller as a result of cancellation.

3. GOODS

- 3.1 The Goods are described in the Seller's catalogue as modified by any applicable specification.
- 3.2 Unless the Seller agrees otherwise, only the specifications referred to in the quotation shall form part of the Contract.
- 3.3 The Seller reserves the right subject to giving prior written notice to the Buyer to modify the said specifications where the Goods cannot in the opinion of the Seller be manufactured according to the said specifications and the Buyer agrees to accept the Goods as manufactured according to the specifications so modified in satisfaction of the Seller's obligations as to manufacture of the Goods under the Contract.
- 3.4 To the extent that the Goods are to be manufactured in accordance with a specification supplied by the Buyer, the Buyer shall indemnify the Seller against all liabilities, costs, expenses, damages and losses (including any direct, indirect or consequential losses, loss of profit, loss of reputation and all interest, penalties and legal and other reasonable professional costs and expenses) suffered or incurred by the Seller in connection with any claim made against the Seller for actual or alleged infringement of a third party's intellectual property rights arising out of or in connection with the Seller's use of such specification. This clause 3.2 shall survive termination of the Contract.
- 3.5 The Seller reserves the right to make any changes to the Goods:
- (a) which are required so that the Goods conform with any applicable statutory or EU requirement; or
- (b) where such changes to the Goods do not materially affect the quality or performance of the Goods.

4. SAFETY

- 4.1 Any Goods supplied by the Seller shall be handled correctly by the Buyer and in accordance with any of the Seller's instructions as notified to the Buyer from time to time. The Buyer must ensure that all appropriate safety precautions are taken and that its staff is aware of and comply with all storage and usage instructions.

5. DELIVERY

- 5.1 Unless otherwise agreed by the Seller in writing, the Seller will deliver the Goods to the Delivery Location.
- 5.2 The Seller will reasonably endeavour to deliver the Goods on the Delivery Date, but the time of delivery or performance shall not be of the essence. The Seller shall not be liable for any delay in delivery of the Goods that is caused by a Force Majeure Event or the Buyer's failure to provide the Seller with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods.
- 5.3 If the Seller fails to deliver the Goods (or any instalment thereof) the Seller's liability shall be limited to the excess (if any) of the cost to the Buyer (in the cheapest available market) of similar goods to replace those not delivered over the Price of the Goods. The Seller shall have no liability for any failure to deliver the Goods to the extent that such failure is caused by a Force Majeure Event, the Buyer's fault, or the Buyer's failure to provide the Seller with adequate instructions in relation to delivery or otherwise.
- 5.4 The Buyer shall provide the Seller with clear delivery instructions and accept delivery on the Delivery Date and at the Delivery Location. Upon delivery the Buyer shall sign a delivery note which will be conclusive evidence that delivery of the Goods has been made.
- 5.5 Unless the Seller agrees otherwise in writing, the Seller shall unload the Goods. The Buyer shall ensure that at least one representative is available to assist the Seller during the unloading of the Goods. Other than by reason of the Seller's fault, the Buyer shall be charged, as an Additional Charge, for wasted time at the Wasted Time Rate and any other expenses incurred by the Seller for:
- (a) any delay caused by the Buyer's inability or unwillingness to accept delivery of, or to collect, the Goods; and/or
- (b) each repeat delivery where the Seller or Seller's carrier leaves the Delivery Location and subsequently returns to the Delivery Location with the Goods.
- 5.6 If the Buyer fails to accept delivery of the Goods within three Business Days of the Seller notifying the Buyer that the Goods are ready, then, except where such failure or delay is caused by a Force Majeure Event or the Seller's failure to comply with its obligations under the Contract:
- (a) delivery of the Goods shall be deemed to have been completed at 9.00am on the third working day after the day on which the Seller notified the Buyer that the Goods were ready; and
- (b) the Seller will store the Goods until delivery takes place, and charge the Buyer for all related costs and expenses (including insurance).
- 5.7 If the Buyer has not accepted delivery of the Goods within 10 working days from day after the Seller notified the Buyer that the Goods were ready for delivery, the Seller may resell or otherwise dispose of part or all of the Goods and, after deducting reasonable storage and selling costs, account to the Buyer for any excess over the price of the Goods or charge the Buyer for any shortfall below the price of the Goods.
- 5.8 The Seller shall have the right to deliver any Goods ordered in instalments. Failure by the Seller to deliver any one or more of the instalments in accordance with these Conditions or any claim by the Buyer in respect of the Goods delivered in any one or more instalments shall not entitle the Buyer either to treat the Contract as a whole as repudiated or to reject or refuse to take delivery of any of the Goods delivered in any other instalment.

6. RISK AND TITLE

- 6.1 Risk in the Goods shall pass to the Buyer at the time of delivery, or if the Buyer wrongfully fails to take delivery, the time when delivery is deemed to have taken place in accordance with clause 5.6(a).
- 6.2 Title to the Goods shall not pass to the Buyer until the earlier of:
- (a) the Seller receives payment in full (in cash or cleared funds) for the Goods and any other goods that the Seller has supplied to the Buyer in respect of which payment has become due, in which case title to the Goods shall pass at the time of payment of all such sums; or
- (b) the Buyer resells the Goods, in which case title to the Goods shall pass to the Buyer at the time specified in clause 6.4.
- 6.3 Until title to the Goods has passed to the Buyer, the Buyer shall:
- (a) store the Goods separately from all other goods held by the Buyer so that they remain readily identifiable as the Seller's property;
- (b) not remove, deface or obscure any identifying mark or packaging on or relating to the Goods;
- (c) maintain the Goods in satisfactory condition and keep them insured against all risks for their full price from the date of delivery;
- (d) notify the Seller immediately if it becomes subject to any of the events listed in clause 13.1;
- (e) give the Seller such information relating to the Goods as the Seller may require from time to time; and
- (f) not pledge or in any way charge by way of security for any indebtedness any of the Goods.
- 6.4 Subject to clause 6.5, the Buyer may resell or use the Goods in the ordinary course of its business (but not otherwise) before the Seller receives payment for the Goods. However, if the Buyer resells the Goods before that time:
- (a) it does so as principal and not as the Seller's agent; and
- (b) title to the Goods shall pass from the Seller to the Buyer immediately before the time at which resale by the Buyer occurs.
- 6.5 If before title to the Goods passes to the Buyer the Buyer becomes subject to any of the events listed in clause 13.1, then, without limiting any other right or remedy the Seller may have:
- (a) the Buyer's right to resell the Goods or use them in the ordinary course of its business ceases immediately; and
- (b) the Seller may at any time:
- (i) require the Buyer to deliver up all Goods in its possession which have not been resold, or irrevocably incorporated into another product; and
- (ii) if the Buyer fails to do so promptly, enter any premises of the Buyer or of any third party where the Goods are stored in order to recover them.

7. PRICE

- 7.1 The price for the Goods shall be the price specified by the Seller in the quotation or, if no price is quoted, the price set out in the Seller's published price list in force as at the date of delivery.
- 7.2 Unless otherwise agreed in writing, the price of the Goods is exclusive of the costs and charges of packaging, insurance and transport of the Goods, which shall be invoiced to the Buyer as an Additional Charge.
- 7.3 The price of the Goods and any Additional Charges are exclusive of amounts in respect of value added tax (VAT). The Buyer shall, on receipt of a valid VAT invoice from the Seller, pay to the Seller such additional amounts in respect of VAT as are chargeable on the supply of the Goods.
- 7.4 List Prices shown in this price list are displayed in (£) for UK and (€) for Ireland.
- 7.5 The Seller may, by giving notice to the Buyer at any time before delivery, increase the price of the Goods to reflect any increase in the cost of the Goods that is due to:
- (a) any factor beyond the Seller's control (including foreign exchange fluctuations, increases in taxes and duties, and increases in labour, materials and other manufacturing costs);
 - (b) any request by the Buyer to change the delivery date(s), quantities or types of Goods ordered, or the Specification; or
 - (c) any delay caused by any instructions of the Buyer or failure of the Buyer to give the Seller adequate or accurate information or instructions.

8. PAYMENT

- 8.1 The Seller shall be entitled to invoice the Buyer for price of the Goods and any Additional Charges on or at any time before dispatch of the Goods or any instalment thereof. In the event that any Additional Charges arise following the issue by the Seller of the invoice, the Seller shall be entitled to invoice the Buyer as and when the Additional Charges arise.
- 8.2 Unless otherwise agreed in writing, the Buyer shall pay the invoice in full and in cleared funds by the date specified in the invoice or where no date or time frame is specified within 30 calendar days of the date of the invoice. Payment shall be made to the bank account nominated in writing by the Seller. Time of payment is of the essence.
- 8.3 The Buyer shall make payment for the price of the Goods in Sterling (euros) unless agreed otherwise in writing. Any payment received by the Seller in any other currency will not be deemed to be payment for the Goods in question. Where the Buyer makes payment for the Goods by cheque the Seller reserves the right to charge a surcharge of £10.00 in the event that any cheque rendered in payment of the Seller's invoices initially refused.
- 8.4 If the Buyer fails to make payment due to the Seller under the Contract by the due date for payment then, without prejudice to any other right or remedy available to the Seller:
- (a) all invoices issued to the Buyer by the Seller in respect of any Goods sold or supplied pursuant to the Contract or any goods sold or supplied pursuant to any other contract shall immediately fall due for payment;
 - (b) any credit, settlement terms, supply of goods or discount rates offered or extended by the Seller to the Buyer in respect of the same shall be cancelled immediately;
 - (c) the Buyer shall pay interest on the overdue amount at the rate of 10% per annum above Seller's bank's base rate from time to time. Such interest shall accrue on a daily basis from the due date until actual payment of the overdue amount, whether before or after judgment. The Buyer shall pay the interest together with the overdue amount; and
 - (d) the Seller shall be entitled to suspend any further deliveries of any Goods or goods agreed to be sold by the Seller to the Buyer or any instalment thereof (being the subject of the Contract or any other contract).
- 8.5 The Buyer shall pay all amounts due under the Contract in full without any set-off, counterclaim, deduction or withholding (except for any deduction or withholding required by law). The Seller may at any time, without limiting any other rights or remedies it may have, set off any amount owing to it by the Buyer against any amount payable by the Seller to the Buyer.

9. WARRANTY

- 9.1 The Seller warrants that:
- (a) the Goods will correspond with the Seller's specification for them on delivery;
 - (b) the Goods (except those wear items that are listed in the Seller's guide entitled "Operations Guide Relating to the Goods" as notified to the Buyer and as amended from time to time) manufactured by the Seller or its Group, will be free from material defects for 3 years from the Delivery Date; and
 - (c) where the seller is supplying goods from other manufacturers; their standard recommended warranty will apply.
- 9.2 Subject to clause 9.3, if:
- (a) the Buyer gives notice in writing to the Seller immediately on discovery but in any event within 14 days of discovery that some or all of the Goods do not comply with the warranty set out in clause 9.1;
 - (b) the Seller is given a reasonable opportunity of examining such Goods; and
 - (c) the Buyer (if asked to do so by the Seller) returns such Goods to the Seller's place of business at the Buyer's cost, the Seller shall, at its option, repair or replace the defective Goods, or refund the price of the defective Goods in full.
- 9.3 The Seller shall not be liable for Goods' failure to comply with the warranty set out in clause 9.1 in any of the following events:
- (a) the Buyer makes any further use of such Goods after giving notice in accordance with clause 9.2;
 - (b) the defect arises because the Buyer failed to follow the Seller's oral or written instructions as to the storage, commissioning, installation, use and maintenance of the Goods or (if there are none) good trade practice regarding the same;
 - (c) the defect arises as a result of the Seller following any drawing, design or Specification supplied by the Buyer;
 - (d) the Buyer alters or repairs such Goods without the written consent of the Seller;
 - (e) the defect arises as a result of fair wear and tear, wilful damage, negligence, or abnormal storage or working conditions; or
 - (f) the Goods differ from their description specification as a result of changes made to ensure they comply with applicable statutory or regulatory requirements.
- 9.4 Except as provided in this clause 9, the Seller shall have no liability to the Buyer in respect of the Goods' failure to comply with the warranty set out in clause 9.
- 9.5 The terms implied by sections 13 to 15 of the Sale of Goods Act 1979 are, to the fullest extent permitted by law, excluded from the Contract.
- 9.6 These Conditions shall apply to any repaired or replacement Goods supplied by the Seller.

10. LIABILITY

- 10.1 Nothing in these Conditions shall limit or exclude the Seller's liability for:
- (a) death or personal injury caused by its negligence, or the negligence of its employees, agents or subcontractors (as applicable);
 - (b) fraud or fraudulent misrepresentation;
 - (c) breach of the terms implied by section 12 of the Sale of Goods Act 1979;
 - (d) defective products under the Consumer Protection Act 1987; or

- (e) any matter in respect of which it would be unlawful for the Seller to exclude or restrict liability.

10.2 Subject to clause 10.1:

- (a) the Seller shall under no circumstances whatever be liable to the Buyer, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, for any loss of profit, goodwill or any indirect or consequential loss arising under or in connection with the Contract; and
- (b) the Seller's total liability to the Buyer in respect of all other losses arising under or in connection with the Contract, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, shall in no circumstances exceed 100% of price of the Goods.

11. FORCE MAJEURE

- 11.1 The Seller shall not be liable to the Buyer nor be deemed to be in breach of Contract by reason of any delay in performing, or any failure to perform, any of the Seller's obligations in relation to the Contract if the delay or failure was due to a Force Majeure Event. The following shall (without limitation) be regarded as Force Majeure Event:
- (a) act of God, explosion, flood, tempest, fire or accident;
 - (b) war or threat of war, sabotage, insurrection, terrorism, civil disturbance or requisition;
 - (c) acts, restrictions, regulations, bye-laws, prohibitions or measures of any kind on the part of any governmental, parliamentary or local authority;
 - (d) import or export regulations or embargoes;
 - (e) strikes, lock-outs or other industrial actions or trade disputes (whether involving employees of the Seller or of a third party);
 - (f) difficulties in obtaining raw materials, labour, fuel, parts or machinery; and
 - (g) power failure or breakdown in machinery.

12. INTELLECTUAL PROPERTY

- 12.1 All specifications, drawings, designs and technical description, and all documents and information and "know-how" whatsoever supplied by the Seller to the Buyer is as between the Seller and the Buyer the Seller's intellectual property and shall at all times be treated by the Buyer as confidential and shall not without the prior written consent of the Seller be used by the Buyer except for the purposes of the Contract.
- 12.2 The Buyer will indemnify the Seller against all actions claims demands costs charges, penalties, royalties and expenses arising directly or indirectly or incurred by reason of any infringement or alleged infringement of or any right attributable to any letters patent, registered design trade mark, trade name, copyright or proprietary right arising from the use of any instructions, specifications or designs whether express or implied supplied by the Buyer to the Seller.

13. INSOLVENCY OF BUYER

- 13.1 This Condition applies if:
- (a) the Buyer makes any voluntary arrangement with its creditors or (being an individual or firm) becomes bankrupt or (being a company) becomes subject to an administration order or goes into liquidation (otherwise than for the purposes of amalgamation or reconstruction); or
 - (b) an encumbrancer takes possession or a receiver is appointed, of any of the property or assets of the Buyer; or
 - (c) the Buyer ceases, or threatens to cease, to carry on business; or
 - (d) the Seller reasonably apprehends that any of the events mentioned above is about to occur in relation to the Buyer and notifies the Buyer accordingly.
- 13.2 If this Condition applies then, without prejudice to any other right or remedy available to the Seller, the Seller shall be entitled to terminate the Contract with immediate effect by giving written notice to the Buyer and/or suspend any further deliveries under the Contract without any liability to the Buyer, and if the Goods have been delivered but not paid for, all of the Seller's outstanding invoices to the Buyer become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary.
- 13.3 Termination of the Contract, however arising, shall not affect any of the parties' rights, remedies, obligations and liabilities that have accrued as at termination.

14. GENERAL

- 14.1 Notices. Any notice required or permitted to be given by either party to the other under these Conditions shall be in writing addressed to that other party at his registered office or principal place of business or such other address as may at the relevant time have been notified pursuant to this provision to the party giving the notice.
- 14.2 Severance. If any provision of these Conditions is held by any competent authority to be invalid or unenforceable in whole or in part the validity of the other provisions of these Conditions shall remain in full force and effect.
- 14.3 Waiver. No waiver by the Seller of any breach of the Contract by the Buyer shall be considered as a waiver of any subsequent breach of the same or any other provision.
- 14.4 Third party rights. A person who is not a party to the Contract shall not have any rights to enforce its terms.
- 14.5 Variation. No variation of these Conditions may be given by any of the Seller's employees unless confirmed in writing by an authorised director of the Seller and no collateral or supplemental contract may be made or construed unless confirmed in writing by an authorised director of the Seller on the Seller's official stationery.
- 14.6 Entire Agreement. The Buyer acknowledges that it has not relied on any statement, promise, representation, assurance or warranty made or given by or on behalf of the Seller which is not set out in the Contract.
- 14.7 Governing law and jurisdiction. The Contract shall be governed by the laws of England, and the Buyer agrees to submit to the non-exclusive jurisdiction of the English courts.

15. SPECIFICATIONS AND INSTRUCTIONS

- 15.1 Unless the Seller agrees otherwise, only the specifications referred to in the quotation shall form part of the Contract.
- 15.2 The Seller reserves the right subject to giving prior written notice to the Buyer to modify the said specifications where the Goods cannot in the opinion of the Seller be manufactured according to the said specifications and the Buyer agrees to accept the Goods as manufactured according to the specifications so modified in satisfaction of the Seller's obligations as to manufacture of the Goods under the contracts.
- 15.3 App Based Goods – the Buyer shall ensure that prior to supplying any app based goods to any customer it shall include within its customer terms and conditions for supply of the App based Goods a requirement for the customer to have read, understood and agreed to the app terms and conditions for the Goods prior to completion of purchase of the Goods. Where such Goods are supplied or installed by a third party for and/or on behalf of the Buyer the Buyer shall ensure that such installer also complies with this clause 10.3 by including this provision in its contract with the installer.
